

WHITES-BLACKS-IN RACE RIOT STAGED IN SPRINGFIELD, O.

MACHINE GUNS MOUNTED AT THE
COUNTY JAIL FOR PROTEC-
TION OF PRISONERS

RIOT BEGAN AFTER A PATROLMAN
HAD BEEN SHOT BY
A NEGRO

(United Press)

Springfield, Ohio, March 12—Machine guns were mounted at the county jail here today as means of protection for a score of prisoners arrested after an all night riot between whites and blacks.

The riot began after a patrolman had been shot by a negro, the outgrowth of an attack by a negro on an eleven year old girl last Monday night.

Patrolman James Ryan and Shirley Shafer are in the hospital.

Ryan was shot through the right hand by a negro whom he attempted to disarm. His assailant escaped.

Shafer was shot through the thigh by police who exchanged several shots with a crowd of negroes in Yellow Spring street.

Thirty men were in the county jail to answer various charges in connection with the riot. They were rounded up last night by police and deputy sheriffs.

Mayor Edwin E. Parson appealed to Governor Davis for state troops. There was a rumor about the city that blacks and whites were massing forces for a clash in Cliff Park.

ARMED MINNESOTAN HELD IN WASHINGTON

HUMAN ARSENAL FROM OWATONNA
WANTS GOVERNMENT TO
STOP PERSECUTORS

Washington March 12—Armed with two heavy caliber revolvers, and with a belt filled with cartridges strapped about his waist, George E. White, aged 30, of Owatonna, Minn., a former soldier, blundered into the hands of the police. He is being held at the sixth precinct on a charge of carrying concealed weapons.

White, who told the police a tangled story of an injury done him in Minnesota, was arrested when he went to the office of Assistant District Attorney Lucian H. Van Doren to lay his troubles before the government representatives.

He was sent to the district attorney's office by an attorney whom he consulted and to whom he had confided that he carried the weapons.

Searched by the police, White was found to have one revolver in his hip pocket and a second weapon in a shoulder holster under his shirt. He told the police he had been in the city two weeks. Nothing could be learned at the rooming houses where he had been living.

White said that since his discharge from the army he had worked as a farm laborer in Minnesota. He said he was rejected by the daughter of his employer. He also talked about a warrant which he said had been issued at the instance of his brother to run him out of Minnesota. He said he wanted the government to help him.

White told detectives he had overheard a conversation in St. Paul in which some persons unknown to him declared he "was going to get that fellow." Believing he was the "fellow" referred to he bought the weapons, he declared.

Reichstag To Act On Reparation Stand

CARL D. GROAT

(United Press Staff Correspondent.)
Berlin, March 12—The German Government was expected to go on trial in the Reichstag today.

Every indication pointed to a vote of confidence being forced on Foreign Minister Von Simons' conduct of the reparations negotiations in London.

It was generally believed that the cabinet would be overwhelmingly in favor of the foreign minister's attitude toward reparations. It was apparent only the independent socialists were determined to oust Von Simons.

Claims Japan Persecuted

(United Press)

Tokyo, March 12—"The White Peril and Japan's Future," is the title of a book recently published in Tokyo by one Hidaka, who tries to show how Japan is being persecuted by America and Europe. He claims that Japan has been placed in a difficult international position by the ambitious white nations which will not be content until they have driven her into a corner, and cites as evidence the allegation that they regard the alienation of China and Japan as one of the most important means of accomplishing this aim.

FOREIGN POLICY IS BEING SHAPED

(By United Press)

Washington, March 12—President Harding's foreign policy is being shaped so as to avoid any action that might be construed as siding with Germany against the allies.

The president and Secretary of State Hughes are believed to have adopted the policy to be defined—because of the present international situation. They realize that this country cannot afford a sudden break with the allies of the late war which would embarrass them in dealing with Germany, still a technical enemy of the United States.

80 Oil derricks Collapse In Storm

(United Press)

Shreveport, La., March 12—The violent wind and rain storm which struck Homer, La., and the oil fields surrounding late yesterday, killed Mrs. Rogers, wife of an oil man and injured others. The damage was estimated at approximately \$600,000 according to word received here early today.

About eighty oil derricks in the Homer fields owned mostly by the Simms Company, were blown down. The injured include L. E. Hoffparr and Homer Parrish who were taken to the Standard Oil company's field hospital for emergency treatment. Lightning hit a gas well which burned all night.

SORDID TRIAL IN ARDMORE BARES ITS DETAILS TO WORLD

BRANDING OF CLARA HAMON
SMITH AS ADVENTRESS
DISCUSSED TODAY

STATE WILL ATTEMPT TO PROVE
THE HEARTLESSNESS OF
THE DEFENDANT

CARL V. LITTLE

(United Press Staff Correspondent)

Ardmore, Okla., March 12—Branding of Clara Smith Hamon as an adventress and deliberate slayer of Jake L. Hamon was to be discussed today.

The girl, accused of the murder of the dead millionaire and politician, was to face Frank L. Ketch, business manager and advisor of Hamon today.

Ketch is one of the leading witnesses for the state. Ketch was the man that Hamon asked for as he was operated on in the Hardy hospital and was one of the few who had any words with Hamon before he died.

The state will attempt to allege the heartlessness of the defendant in deliberately slaying Hamon.

The age of Clara Smith Hamon is to play an important part in the trial. The state, according to Prosecutor Prince Freeling, is to attempt to prove that the defendant is now 29 years old.

The defendant holds that she is now 27. Establishment of the age is important inasmuch as it will determine the exact age of Clara when she first met Hamon ten years ago.

Around this hinges the question of whether or not she was seduced from the little country store at Lawton or whether she left with Hamon fully realizing what she was doing.

The parting kiss of Jake Hamon and the defendant is to play a high role as the trial progresses.

This became evident when the defense in an attempt to prove Hamon bore Clara no ill will after he was shot, asked Dr. Hardy, a state witness, if Hamon did not kiss Clara when she called on him the day after he was shot.

Hardy vigorously denied that Hamon kissed her and accused the defendant of forcing a kiss on Hamon.

Hamon's Political Power
Jake Hamon's pal, W. D. Nichols, former chief of police of Ardmore, and now in the oil game, in testifying for the state said:

"I was with Jake just before he died. Hamon and I talked politics. I think he was the republican leader of the United States. He told me he would die and begged me to go straight to Warren G. Harding and get some of his friends taken care of with political jobs."

Anti-Bolshevik Revolution Report

(United Press)

Helsingfors, March 12—The anti-bolshevik revolution has spread to Minsk, 450 miles west and south of Moscow, according to reports received here today.

Fragmentary dispatches indicated that fighting was under way between the rebels and soviet forces for control of the city.

Street fighting also was reported in Kieff and Ukraine, 500 miles southwest of Moscow. Petrograd was said to be under terrific bombardment from anti-bolshevik artillery in Kronstadt.

Shanghai, March 11—A ten million dollar damage was done today when fire which burned for twenty-four hours destroyed six warehouses filled with silk.

PRESIDENT APPEALS FOR CHINESE RELIEF

(By United Press)

Washington, March 12—An appeal for relief to the famine stricken people of China was issued by President Harding today.

China's distress was described by Harding as tragic and he urged that in view of the friendship that has existed between China and America everything possible would be done to ward relief.

MISS MARY DINGMAN

Miss Mary Dingman of New York returned recently from Europe where she spent three years establishing Y. M. C. A. canteens in the war-torn countries of Europe. She spent some time doing relief work in Russia and was awarded two French decorations for her war activities.

EXECUTIVE DEPT. TO BE REORGANIZED, IS HARDING'S AIM

MEMBERS OF CABINET PREPAR-
ING SUGGESTIONS, SUBMIT-
TING NAME

DEPARTMENT OF PUBLIC WEL-
FARE MAY HAVE A WOMAN
AT ITS HEAD

RAYMOND CLAPPER

(Written for The United Press)

Washington, March 12—President Harding has directed all members of his cabinet to prepare suggestions for reorganization of the executive department on a more efficient basis, it was learned here today.

Scores of independent proposals already are reaching Harding and he is passing them on to his cabinet members for careful study.

The cabinet recommends the proposals as quickly as possible and submits them to the congressional committee on reorganization which is working on the bill to revamp the executive machinery.

One of the most disputed questions will be that of creating a department of public welfare. President Harding declared for such a department in his campaign speeches and the understanding was that the department probably would be headed by a woman.

DEPUTY TREASURER SHORT IN ACCOUNTS

(By United Press)

St. Paul, March 12—Joseph F. Cane, deputy treasurer of Dakota county, who disappeared Dec. 22, was short \$22,971 in his accounts, according to a report made to the governor today by State Public Examiner Andrew Fritz.

What action may be taken against Cane has not yet been determined.

OWN TRAP KILLED MAN SETTING IT

Omaha, Neb., March 12—John A. Berg, prominent farmer, was shot and killed as he absent mindedly opened the door of the chicken house and set off a man trap he had rigged up to stop thieves from raiding the chicken coop.

Sine Die Adjournment Of Senate Blocked

(United Press)

Washington, March 12—The expected sine die adjournment of the senate was blocked today when Senator LaFollette objected to consideration of the nomination of Rep. J. J. Each of Wisconsin as member of the I. C. C. This forced an adjournment until Monday when the nomination of Each with a number of others will be considered.

W. W. Husband was confirmed today as commissioner general of immigration.

FRENCH TO SOUND AMERICA ON CAN- CELLING OF DEBTS

RENE VIVIANI, FORMER FRENCH
PREMIER, TO BE SPOKESMAN
ON VISIT HERE

MAY ALSO STRIVE TO GET AMER-
ICA INTO EUROPEAN AFFAIRS,
BY MODIFYING LEAGUE

(United Press)

Washington, March 12—The coming to America of Rene Viviani, former French premier, has two main objects. It was said in semi-official reports received in Washington. France desires:

1.—To sound out the Harding administration on the question of France's indebtedness to the United States and determine whether there is any possibility of the French indebtedness being cancelled.

2.—To draw the United States into European affairs by "modifying" the league of nations or by any other agreement which might be approved by this government.

A considerable section of French opinion it is indicated here, believes the United States eventually will forgive the allied debts or at least a part of it. France which has received cash from this government to the extent of three billion, is eager to learn Harding's loan policy at the earliest possible date.

The French desire to obtain cancellation of the American loan as a stimulant. It was learned the allies realize that the allied invasion of Germany and exacting of penalties is doomed to failure, and that American co-operation is necessary to the success of French policies in central Europe. In order to gain this support, according to reports reaching Washington, Viviani is ready to concede as much modification of the league as the Harding administration may demand. France believes, according to opinion here, that with America's backing she will meet great success in collecting from Germany.

Combining Departments In One Commission

(United Press)

St. Paul, March 12—Public hearing on legislation which would combine several state departments under one public domain commission will start next Tuesday the house public domain committee announced today.

The house took steps to hold night sessions next week to pass local bills. The temperance committee of the house at last have something to do. Two bills aimed at Canadian whiskey runners and alcohol flavored extracts were referred to the committee.

Eight bills were advanced to the calendar. The house adjourned until 8 P. M. Monday.

The senate committee on highways which failed to decide on a plan of highway administration at a public hearing yesterday, will consider the legislation further Tuesday or Wednesday. The question of one man administration or administration by a commission is yet to be settled. A majority of those at the meeting yesterday were plainly in favor of a one man administration.

Alva H. Eastman, of St. Cloud, favors C. M. Babcock, present highway commissioner. Several others were in favor of the one man administration.

SEVERAL BURNED TO DEATH IN HOTEL

(United Press)

Clinton, Okla., March 12—Several persons were reported burned to death in a fire which today destroyed the Grace hotel, a four story brick building here.

The hotel accommodates about sixty guests and it was reported all of the rooms were occupied last night. Origin of the fire has not been determined. The estimated loss was \$50,000.

St. Paul Vindicated

London, March 12—Men translated the Bible—and twisted St. Paul's remarks about women to suit their own ideas. That is divulged by Miss K. Raleigh to the Women's Freedom League.

The apostle's remarks about women, she said, were badly twisted in translation and it could be proved by the removal of a few dots and commas, that St. Paul did NOT: Forbid women to preach; command them to obey their husbands; insist that for ever and aye, whatever the fashion of the country, they should wear hats in church, say that they should never wear jewelry and fine clothes.

"In the sentence, 'Women obey your husbands,' said Miss Raleigh, 'the correct translation of the word 'obey' is be considerate to.'"

BREWERS' PLAN TO FALL FLAT

(United Press)

Washington, March 12—Brewers' plans to manufacture and sell huge quantities of beer under a ruling of former Attorney General Palmer that would be prescribed as medicine will be short, Rep. Andrew Volstead, father of the Volstead law, predicted today.

Volstead also is confident that amendment of the prohibition law is not necessary because of the ruling, but he warned that any attempt to defeat the law's purpose will be made in more drastic legislation.

Draft Evaders' Lists To Be Made Public

Washington, March 12—The names of persons who evaded the selective service law will be made public by draft districts as rapidly as the lists for the distribution can be compiled. It was announced at the war department.

Local draft boards are rapidly completing a final check to make sure that the names of no man shall appear as a draft evader who actually served in some branch of the military service of this country or the allies.

As soon as the final check for a complete district has been received at the war department the compiled lists will be made available to the press, it was announced. It was understood that the first district compilation would be completed within a few days.

PACKERS AND MEN HAVE NOT SETTLED WAGE DISPUTES

APPEAL OF SECRETARY OF LABOR
DAVIS TO ARBITRATE THE
DIFFICULTIES

MEETS WITH LITTLE ENCOUR-
AGEMENT BY EITHER PARTY
IN DISAGREEMENT

(United Press)

Chicago, March 12—Packers and employees today apparently were still a long way from reaching an amicable basis for settlement of their wage and working conditions dispute. The appeal of Secretary of Labor Davis to the Big Five packers and to the men to arbitrate their difficulties was met with little encouragement.

The men unofficially took the attitude that they would be willing to submit the point of disagreement to arbitrate providing wages and working conditions remained unchanged while arbitration is in progress.

Packers have made it known unofficially that the cut in wages and change in hours of workers would be effective on Monday without alteration.

In the meantime a strike vote ordered by union leaders was in progress and preparations were being made for a strike. Organization work was being rushed.

LEGION IS AFTER BERGDOLL SCALP

"HE'S ONE BOCHE WE WANT,"
SAYS GALBRAITH—CONVERS
WITH HARDING

Washington, March 12—The American Legion's legislative program for the special session of congress was outlined to President Harding by F. W. Galbraith, Jr., national commander of the Legion, who said after the conference that the president was impressed by the necessity of making more adequate provision for war veterans.

Mr. Galbraith expressed the belief that the administration would give wholehearted support to the Legion's plans, which include provision for the grouping of all government soldier relief agencies into one bureau and a continuous hospital building program.

The Legion, according to its commander, also will ask that veterans receiving vocational training be given adequate compensation.

The matter of securing the return to the United States of Grover C. Bergdoll, wealthy Philadelphia draft evader, now in Germany, was not discussed with the president, Mr. Galbraith said. At the "proper time" however, he added, the question will be brought to the attention of the administration. American Legion posts throughout the country, he said, shortly will start a concerted movement to get the slacker back to this country.

"He's one boche we want," said Mr. Galbraith.

Railway Wages To Drop With Living Costs

(United Press)

Baltimore, Md., March 12—Railroad wages will fall in proportion to the drop in the cost of living, but slackness in rail wages will not be necessary to bring down railroad rates, Dan Willow, president of the Baltimore & Ohio railroad, declared in an interview today.

An increase in business must be realized before railroad rates are cut, he said.

Freight movement at present shows a decrease of from thirty to forty per cent over last summer, he said. He said he did not believe wage reductions would be made before justification is found in the fall of prices.

Serbian Melodies Solemn.

The Serbian melodies are solemn and impressive, and have a strong affinity with their church music. The Hungarian songs, on the other hand, show vitality and impetuosity to an extraordinary degree. They are mostly in two-four time, but both the rhythms and the time change continually, and the music is full of pauses at effective moments and of modulations into unexpected keys, which correspond to constant changes in the sentiment of the songs, from deep sorrow to wild hilarity of satire. The "Hungarian Melodies," by Francis Korby, contain very fine examples of such music, and the accompaniments of the songs in this collection are beautifully and thoroughly adapted to the melodies.

CHIROPRACTIC

REMOVES THE CAUSE OF DISEASE

Since locating we have had a multitude of sick and afflicted people, some of whom have been given up by all consultations and spinal analysis as absolutely hopeless cases. As a drowning man grasping at a straw, they came to us and found perfect and permanent relief. It would be useless to review the record we have made in eliminating the ills of humanity. Many and various afflicted persons have work, and in almost every case that we accepted most happy results were secured. It is pasting strange, too, that some of these cases had been under other forms of treatment for their health for many years.

If you are tired of being sick; if you are tired of a bitter draught; if you are tired of operation and of being left in doubt as to your actual condition, come to us and rid yourself of the affliction which has made your life a hideous night mare and has robbed you of the pleasure to which all mortals are entitled.

Remember, there are none so blind as those who will not see. We are here, to serve and help you if we can. All consultations and spinal analysis yours for the asking.

Eagles	45	26	19
K. of C.	45	26	19
K. of P.	45	21	24
Moose	45	10	35

The Elks bowling team copped the pennant in the Fraternal Bowling League. Out of 45 games played they won 28 and lost 17. Players on this team included Watler F. Kuntz, R. N. Ziebell, R. E. Stephenson, James Alderman, Carl Adams and Frank Ziske. Kuntz and Stephenson bowled every game. Kuntz made a high score of 238 during the tournament. They also claim the highest team score. Stephenson had the high average. The team individually and as a group claim winning 65 per cent of the prize money.

On Monday evening the Fraternal Bowling League contest came to a close with a grand finish. The contest which started on the 29th of November and which has been played once a week ever since, was for the most part the most evenly matched contest ever witnessed in Brainerd. Right from the first the first four teams have been running neck and neck, many times tied for first, second and third place.

On last Monday when they got together for the 45th game which closed the season the battle was a royal one. The Elks held first place by getting the K. of P. three straight, the Workmen moved up to second place by taking three straight from the Moose, the Eagles dropped to third place where they are tied with the K. of C. The Eagles were second but lost two out of three to the K. of C.

Bill Benda of the K. C's. got highest total for three games with 647 pins.

Chiropractic Scores Another Triumph

The Dumb Are Made to Talk

Bereft of Speech, Brainerd Man is Able to Talk Again Through Chiropractic

Many of you read the case of Miriam Rubin, 8 year old girl of Waukegan, Illinois, who talked almost continuously for more than 12 hours without interruption until Chiropractic Adjustments calmed the ailment and restored her to health and happiness after she had been given up by doctors of the old school. That in itself was a wonderful demonstration of what Chiropractic can do. Examination revealed that a vertebrae in the child's spine had become dislocated and one of them was pinching the nerve that controls the organ of speech. The spinal dislocation was set and brought relief.

But, still more wonderful is the case of Lyle Clifford Goranson, 18 year old son of Mr. and Mrs. Ole Goranson, formerly of Pine River, now residing in Brainerd.

LOST ALL POWER of SPEECH for FOUR MONTHS

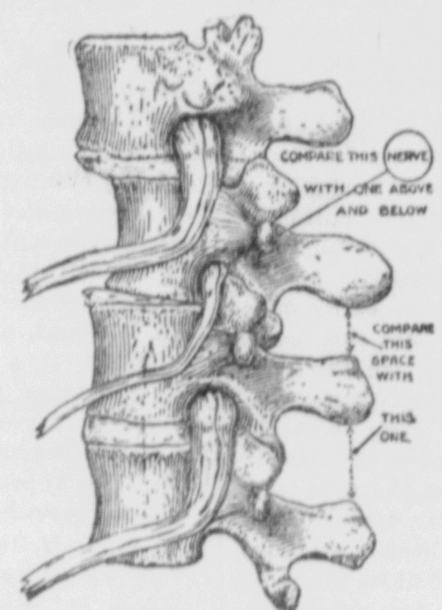

In October last, young Goranson was afflicted with scarlet fever and when he recovered from that illness, it was found he had lost the power of speech.

Four months he was speechless until his parents brought him to Brainerd and Chiropractic adjustment were given him by Drs. Roy and Grace Williams of 318 $\frac{1}{2}$ So. 6th St. From the first adjustment given he started to improve and his parents removed to Brainerd in order to have him receive constant attention. His speech was restored, and in addition, he has gained in mentality and general health and is a normal, rosy cheeked, red blooded youth.

As in the case of Miriam Rubin, there had been a dislocation of vertebrae of the spine and this was set and by constant adjustment, trained to stay in place, bringing relief and restoring speech to one who would otherwise have gone through life, silent, low spirited and a burden on his parents.

LYLE CLIFFORD GORANSON

What Is Chiropractic?

Chiropractic is a drugless health science of the cause of so-called dis-ease and the art of adjusting the human spine when its segments are out of natural alignment, so that mental impulse can transmit naturally through the nerves to provide normal health function to every organ and part of the body.

It is a system of adjusting that includes the use of nothing but the bare hands to locate a subluxated vertebra and effect its replacement to normal position by a peculiar move, made in a particular direction, with a technical degree of speed and force.

What Is Chiropractic Theory?

Chiropractors assume that in consequence of mal-positioned vertebral segments the openings between the vertebrae, through which the spinal nerves pass, are affected, that in this way the nerves are impinged; and that such compression is the cause of the majority of all diseases. This condition is called "subluxation" of the vertebral unit, which means that the articular surfaces of these bony units are more or less out of alignment. To re-align these bones the Chiropractor uses nothing but his bare hands to deliver a particular thrust, thus releasing the pressure of harder substances from the nerve trunks to restore normal nerve tension to individual nerve fibres.

CANVASS TO START FOR BAND FUND

Meeting of Solicitors from Railway Shops and Business District is Held Friday Evening

AT THE CHAMBER OF COMMERCE

Sections of Town and Shops Allotted to Solicitors—\$2,000 is the Goal Set

\$2,000 is the goal set in Brainerd in order to give the Brainerd Municipal band adequate support this season. And to bring this to pass, a large committee has been named, solicitors have been assigned their territory in railway shops, paper mill and other industries and the city divided into sections and will be thoroughly combed for cash.

The Dispatch has been asked to publish daily totals of results of the canvass as the money is turned in to the treasurer. The whole week commencing March 14 will be set aside to helping the band.

Committees Working
The general committee consists of Dr. J. A. Thabes chairman, A. C. Mraz, secretary-treasurer and George E. Lowe, working in conjunction with the band committee including Alderman Andrew Anderson, Henry Kraus and O. F. Erickson.

All the Solicitors
Solicitors and the fields assigned them are:

Boilershop—J. F. Elkins and Thomas Templeton.
Machine shop—Mayor F. E. Little and J. J. Roney.

Blacksmith shop—Lloyd Jones.
Carshops—J. J. Murphy, Oscar Bergstrand and Nels Jensen.

North side machine shops—Joe Midgley.
Store department shops—Martin Anderson and Roland Jenkins.

Northern Pacific tie plant—George W. Grewcox.
Southeast Brainerd—Alderman John Holvick and Erick Westberg.

Northeast Brainerd—Robert Crust and Archie Halladay.
Parker & Topping foundry—Clyde E. Parker.

Northwest Paper Co. mill—Thomas G. Johnson.
Downtown soliciting committee—A. J. Hayes, W. A. M. Johnstone and John H. Krekelberg.

In addition the general committee has positions assigned on the soliciting line. In short, no man, woman or child will fail to be impressed with the fact that the Brainerd Municipal band is to receive donations and that a sum adequate for the band's needs is to be raised and will be raised.

CARPENTERS UNION SETS WAGE SCALE

80c an Hour Scale, With an 8 Hour Day and Time and a Half for Over Time

NEW SCALE EFFECTIVE APRIL 1

Carpenters Decide on a Wage Scale Which is Lower Than the One Ruling Last Year

The Brainerd Local No. 951 of the United Brotherhood of Carpenters and Joiners of America at their last regular meeting adopted an 80c per hour scale, coupled with an eight hour day and time and a half for all over time.

The new scale becomes effective April 1, 1921. The wage scale is set below that of last year and thus will have some effect in encouraging a movement for building in Brainerd.

STRANGE CASE OF MEMORY LAPSE

John Belland of Boy River, Known in Brainerd, Disappeared from His Home

LOST FOR TEN DAYS OR MORE

Reported Found in Logging Camp at Margie on Minnesota & International Railway

A strange case of lapse of memory is that recorded of John Belland of Boy River who ten days ago left his home to buy groceries and to get a sack of candy for his baby. That was the last seen of him and for days the family searched aways in the neighborhood. He had \$100 in checks with him.

A relative near Brainerd is his sister-in-law, Mrs. Dell Cornell. Now comes a report that he was located in a logging camp at Margie on the Minnesota & International railway, many miles north of Boy River. He had no knowledge, it was reported, how he got there and seemed dazed. In his pocket he still carried the sack of candy for the baby.

Lowell School Parent-Teachers

The Parent-Teachers Association of the Lowell school will hold their regular meeting Monday evening, March 14, at 7:30 p. m. There will be a short program by the children which will be followed by a talk by Hugo Kaatz on "The Benefits Parent Teachers' Associations Have to a School." This will be followed by the business meeting. A good attendance is expected.

WM. A. SINCLAIR DIED SUDDENLY IN NIGHT

Heart Disease Claims Well Known Auto Livery Man—Had Resided in City 25 Years

LEAVES A WIFE, SIX CHILDREN

Funeral Arrangements Not Announced Until Relatives Can Be Communicated With

Death came suddenly to William A. Sinclair, auto livery man, known to all his friends as just plain "Bill". Stricken with heart disease Friday night, a friend had barely time to drive him to the home of Dr. R. A. Beise when he breathed his last.

As told by his father, A. L. Sinclair, his son was taken sick at Bane's garage where he has his headquarters. He had just received a call for a car some time after 11 o'clock and had gotten a friend in the garage to make it for him. He complained he was not feeling well.

He reconsidered his request and said to his friend:

"Guess I'll go with you and show you where the party lives" and stepping in the car accompanied the driver.

A short distance on the street had been covered and he said he felt worse and asked to be taken to Dr. R. A. Beise's residence.

When the home of the doctor was reached the latter dressed as quickly as possible and came down. He looked at Mr. Sinclair and then returned to the house to get what he thought necessary in the emergency and when he returned and stooped over the victim of the heart attack he found him dead.

It was ascertained later that in the past Mr. Sinclair had suffered four heart attacks.

Mr. Sinclair was born in Winona county 48 years ago and came to

Brainerd 25 years ago. He was well known in this city where he conducted the auto livery business.

He was married 25 years ago to Miss Belle Dickson of Dresbach, Winona county. There are left to mourn the passing of one dear to them, the wife of the deceased, Mrs. Belle Sinclair, six children, Daisy, Violet, Estella, Verne, Clair and Harold; his father and mother, Mr. and Mrs. A. L. Sinclair and two brothers, Robert and Bert Sinclair. All the near relatives reside in this city.

The funeral arrangements have not yet been completed and will be announced on Monday.

Mr. Sinclair was a kind hearted, whole-souled, generous man and had a large number of acquaintances. As a driver he was careful and considerate and had built up a large business. In the early days he had belonged to the Eagles, but allowed his membership to lapse.

Many instances are recorded of the courtesy he showed driving on country roads and no farmer ever felt afraid when he came into view, for he knew he would get a square deal on the road and no crowding.

The text of the letter which is addressed to the officers and members of all lodges and divisions and general chairmen:

Dear Sirs and Brothers:

We desire to call your attention to the serious situation confronting the world. Millions of people in Europe and China are starving. Thousands of innocent women and children are said to be dying each day for want of food. The eyes of the world are turned to America as the only country that can give relief.

The farmers have donated millions of bushels of grain for the relief of these starving people of Europe and China and the executive of the Four Transportation Brotherhoods have pledged the organizations to furnish engines and train crew to handle this grain in solid train load lots to any sea port, free of charge.

The railroad executives have agreed to furnish the necessary trains (Continued on Page Six)

Chiropractic for Heart Trouble

The question is often asked: Can Chiropractic do anything for the leakage of the heart? Yes! Leakage of the heart is the diagnosis given to laymen when there is regurgitation of blood due to valvular incompetency. There are a great many different pathological conditions capable of producing mitral incompetency. Regardless of which of these derangements exists, the cause is a subluxation at heart place, usually the second Dorsal Vertebrae. See your Chiropractor no matter what kind of heart trouble you have.

and engines to handle this grain, free of cost. The committee appointed by the United States government is trying to raise funds to secure ships for the transportation of this grain and provide for its distribution to the starving people.

We ask that the chairmen of the different roads and the officers of all lodges and divisions take this matter up with their members and, if necessary, ask for volunteer crews to handle this relief grain. We do not believe there is a single member in the Four Transportation Brotherhood who would not be glad to volunteer services for one trip in order to aid these starving people. Where there are several train loads of this relief grain passing over one division or road, plans should be made so that the same crew is not called on to donate more than one trip if it can possibly be avoided.

If each of the members of the organizations will give his hearty cooperation to this plan, we can handle this grain promptly and the fact that these labor organizations have donated their services at a time when the combined power of capital is fighting them, will do much to place them in a far better light before the American people.

Hoping for the co-operation of every member in this work of charity and mercy, we remain. The signatures are those of the men mentioned at the beginning of this article.

Oldest Triplets

(United Press)

Danville, Ill., March 12—Mrs. Maria Jane Richardson is one of the three sisters who are believed to be the oldest triplets in the United States. Mrs. Richardson and her sisters, Mrs. Sara Jane Wilson, New Castle, Indiana, and Miss Mary Jane Williams, Lebanon, Ohio, celebrated their 74th birthday on Washington's birthday last. They were born at Fort Ancient, Ohio, on February 22, 1847.

With the exception of a paralytic stroke Mrs. Wilson suffered several years past, the triplets have been free from serious illness. Mrs. Wilson has practically recovered. The sisters attribute their longevity and good health to their outdoor lives upon their farms.

The triplets have a twin brother and sister, Harry J. Williams, Richmond, Indiana, and Mrs. Alice Josephine Bagford, Spring Valley, Ohio, who will be 67 years of age next November 1.

Help wanted!

The men of America don't have to do the washing—but if they did, they would be as tired of needless laundry toil as American women are.

The Eden

substitutes electric-power for man- or woman-power in the home. It substitutes science for backache. It cleans everything—blankets, linens, all clothes—by dipping them up and down through hot suds a countless number of times as gently as a woman dips a bit of lace in a basin.

There's no rubbing with an Eden. It makes everything wear enough longer to much more than save its cost. It saves time, labor, hard work and wages.
